PAIGE

The Most Beautiful Car in America

The Last Word in Comfort and Performance

There is a pleasant surprise awaiting you in the Paige seven-passenger sedan. As you begin your inspection of this car, you will find it a model, ignore for the moment the fact that it is a car. Set your expectations high, then, and you will find that heretofore would be impossible to realize. Then put the Paige to the test of your ideals.

Under these conditions you will appreciate that in design and construction the Paige is a car of real beauty. You will find it a car of comfort and convenience. And you will find that you will demand performance. And you will find the perfection of mechanical construction.

All this is precisely what you need in the

Paige seven-passenger sedan. For here is a car that combines all these qualities. It is a car of real beauty. It is a car of comfort and convenience. It is a car of performance. It is a car that will give you the most perfect service in town and on the highway. It is a car that will give you only the best of everything.

The Big Sandy valley is entitled to better passenger service than it is getting from the C. & O. railroad. It is paying the same high rate for riding in dilapidated and antiquated coaches as people pay on the main lines for comfortable and sanitary accommodations. One chair car is attached to each train, with a minimum extra charge of 75 cents. The passenger traffic is so heavy on the Big Sandy division that often many passengers are compelled to stand in the aisles. The same fare is collected from them. As before stated in these columns the Big Sandy division is one of the most profitable sections of the C. & O. system, yet we never have had equipment in keeping with this condition. No longer can the excuse be made by the railroad company that revenues are not sufficient to justify better service. Both passenger and freight rates are too high and there is more coal business in the Big Sandy valley today than the C. & O. can handle. Mines are able to run only part time because the railroad can not furnish the transportation.

It begins to look like the Big Sandy people will be forced to apply to the Railroad Commission and the Interstate Commerce Commission for relief.

The NEWS believes its duty is first to the public and therefore in these matters it proposes to act in the interest of the public.

There is another phase of the railroad situation about which we are beginning to hear a considerable amount of talk and criticism. It is said that some of the train crews handle their work in such a way as to cause them all the overtime possible, because they receive time-and-a-half for overtime. We have inquired into the details of this practice and have acquired information as to some of the methods used. The public suffers because other trains than those directly involved are delayed. The cost of transportation is increased and higher rates for freight and passengers are sustained upon the showing made. Railroad men are serving the public and should do their work efficiently and conscientiously. Some of them do give this kind of service and they are to be commended for it. Some way should be found to stop the abuses, because the innocent, and, somewhat helpless public pays in the end.

The Courier-Journal is making an attempt to get a business man for Governor instead of the usual professional politician and chronic office seeker. It is not to be expected, however, that the politicians, and especially those having the United States Senate as their goal, will stand aside and passively permit a competent and unfettered business man to be nominated and elected. Already has resentment been shown by certain ambitious politicians. The next move in order is for the people to show their opposition directly to the man movement and their resentment of all efforts on the part of professional politicians to force their way to the chief executive office and through that to the United States Senate.

The Governorship of Kentucky has too long been used merely as a stepping stone to the office of Senator. Both parties are equally guilty. It is impossible to play politics in this matter without sacrificing the interests of the public. There is a great opportunity for a real Governor in Kentucky. A general reformation is needed, especially looking to abolishing useless offices, reducing expenses of administration, and building roads.

There are 25 to 35 per cent more Circuit Judges than are needed, and the burden from this source is enormous. We have antiquated methods in many departments, adding heavy burdens to taxpayers.

Only a courageous, competent business man is going to revolutionize the order of things. Politicians are hedged about and bound down by politicians who see nothing except preferment in office—and many of them have in view, some form of graft. They are not statesmen. They can not be. High ideals are necessary to genuine public service.

This is a time when people are voting as they please. They can have a business man if they will call one into service. The men most needed are not willing to enter into a scramble for nomination and election. They do not need an office and rarely want one. They must be called to it as a duty. That's what Kentucky needs to do at this time.

Last Saturday was an anniversary of the Armistice day of the World war. It was celebrated pretty generally throughout the United States and in other countries as well. Thousands of persons gathered in front of President Wilson's home in Washington city and paid him another great tribute. He spoke to the crowd, expressing his convictions in the vigorous language that always he has been able to command. He is broken in health but his great mind continues clear and alert.

At last, a woman has been convicted of manslaughter. It happened in California. She was an actress, Clara Phillips, and she gets a sentence of ten years minimum to life maximum for killing another woman. There were three women on the jury and they stood out at first for the death penalty. If Clara had killed a mere man and there had been no women on the jury the verdict might have been acquittal.

JAPANESE DENIED CITIZENSHIP

United States Supreme Court Decides They Are Not White.

Washington, Nov. 13.—Japanese are not of the "white" race and under federal laws are not entitled to citizenship by naturalization, the United States Supreme Court today decided. The opinion of the court sets at rest a vigorously contested dispute which arose on the Pacific coast and has waged there for years.

Associate Justice Sutherland delivered the decision of the court, it being his first opinion since becoming a member of the court. The Supreme Court held that the federal statute limiting citizenship to free white persons and Africans, or those of African descent, had not been repealed or modified by any subsequent legislation and that Japanese are not of the Caucasian race. The court affirmed a decision by Washington State courts holding this opinion. Decision as to the "color" of a Japanese and eligibility to naturalization as a citizen of the United States under federal statute limiting naturalization to white persons and Africans or those of African descent was asked of the United States Supreme Court in the appealed cases of Takao Ozawa of Honolulu and Yamashita, of Washington State. These cases have attracted much attention, especially on the Pacific coast where the Japanese question is acute.

Ozawa contended he was entitled to citizenship because he is white and had molded his life according to American ideals and customs. He began his fight for citizenship before the United States court in Hawaii several years ago, but his contention was denied by that court and by the federal circuit court of appeals in California. Ozawa went to Hawaii when a young man and was educated at American public schools. He married and his children are being educated as Americans, and are American citizens.

WAYNE COUNTY VOTE WAS MIXED AFFAIR ON NOVEMBER 7TH

Republicans Elect County Ticket, But Lose Heavily for Congress and Senator.

For the first time in history the entire county Republican ticket was elected in Wayne county on Tuesday. All of the precincts have been heard from on the county ticket vote with the single exception of Drage. In Lincoln district, Drage is Republican by a good majority (majority estimated at 150) and the returns from that precinct would only tend to increase the Republican majority given by the other thirty-five precincts in the county.

The light on the county tickets of the two opposing parties was without doubt the most unique in the annals of West Virginia political history. The success of the Republican ticket over the Democratic slate was solely due to the fact that all of the Republican candidates were in favor of removing the county seat question as determined by the three-fifths necessary for a county seat removal. As a consequence of this situation the Republican county ticket was elected.

A singular feature of the vote cast was the fact that although Wayne county went Republican on the county ticket, newly elected county clerk over Sutherland (R) for U. S. Senator by a majority of 113 with Drage out. Lilly, for Congress, won over Goodknight, his Republican opponent by 97 with Drage still out. The returns from Drage cannot decrease these margins more than 150.

The proposal to remove the county seat of Wayne county from Wayne to Kenova was defeated in Tuesday's election by a majority of 636 votes. Kenova's defeat was 166 votes larger this time than in the last election, held April 25, 1922, at which time the majority against removal was 470. The complete vote on the county house issue has been received from all of the 36 precincts.

Notwithstanding the heated feeling which attended the late campaign on the removal issue, there was a considerably lighter vote turned out Tuesday than in the former election. Of the 13,949 persons registered for this election only 9,455 voted. In the special election held April 25, 1922, the total vote cast was 10,800.

Sunday night an injunction was served to prevent challenges from serving in Wayne county. This was a move of the leaders favoring removal of the court house.—Wayne News.

SHERIFF'S SALE.

By virtue of an execution No. 101 to me directed, which issued from the office of the clerk of the Lawrence Circuit Court, in favor of Augustus Snyder and against E. W. Meek, I will on the 20th day of November, 1922, at 10 o'clock a. m., at the front door of the court house in Louisville, Kentucky, at the hour of 1 o'clock on said day, expose to public sale to the highest and best bidder, a tract of land lying on the waters of Greenbrier creek, in Lawrence county, Kentucky, levied upon as the property of E. W. Meek on which he now resides and John Geo. Meek's land on the east and John Elbert Muncy on the south and joins the Luther Pigg place and Greenbrier creek on the west and the same land described in lease book number 10 of page 147 in Lawrence county court clerk's office and further reference is deed book number 11 at page 583 and deed book number 11 at page 107 in Lawrence county court clerk's office, supposed to contain three hundred acres and will proceed to sell said land or so much of it as will be necessary to satisfy said execution and the cost thereon, to the highest and best bidder on terms of six months, the purchaser giving bond with approved security, to have the force and effect of a judgment on which execution may issue if the same is not paid at maturity.

The amount to be raised is seventy-five dollars with interest from first day of December, 1917, until paid and the further sum of about twenty-five dollars in cost. 11-3-22 J. W. YOUNG, S. L. C.

FASHIONED FROM SERGE, TRICOTINE, POIRET TWILL, WOOL CREPE, WOOL JERSEY, WOOL CANTON VELVET AND COMBINATIONS.

Slenderizing Frocks For Large Women —reveal distinctive new style, tendencies

We have perfected a fine assortment of dresses for the woman of generous proportions—models that interpret the latest fashion note and at the same time have a tendency to make one seem more slender than they really are. The slenderizing effect is accomplished by low waistlines, long, flowing panels and rich but inconspicuous materials.

—they're made of Canton crepe, Lizard crepe, satin-back and Roshanara

There are models with straight hanging side drapes with closings concealed with beautiful cabashons. There are long and wide flowing sleeves, as well as the short and three-quarter length. Trimmed with embroidery in self and contrasting colors, beads, buttons and fancy braids. Fine tailoring insures trim fit as well as extra service. Choice of navy, brown, henna and black—sizes 40 to 46!\$39.75 to \$79.00

Celebration of Bishop Burton's Birthday

The annual celebration of Bishop's day, in honor of the birthday of Bishop Lewis W. Burton, was held Thursday at Immanuel church in Winchester and was attended by many members of the women's auxiliary of the diocese of Lexington.

The diocese includes the Federal Kentucky towns of Winchester, Lexington, Park, Versailles, Frankfort and Danville, and large delegations from those towns attended the affair. The women of the northern part of the diocese held their bishop's day celebration separately because of the wide extent of territory embraced. They had theirs Wednesday at Fort Plumes. The meeting next year will be held at Paris.

The meeting opened with the celebration of the holy communion by Bishop Burton, assisted by the Rev. L. D. Vaughan, rector of the church. Bishop Burton took for the subject of his annual address, "Religious Education," explaining its necessity and telling of the good work that is being done by the diocesan institutions.

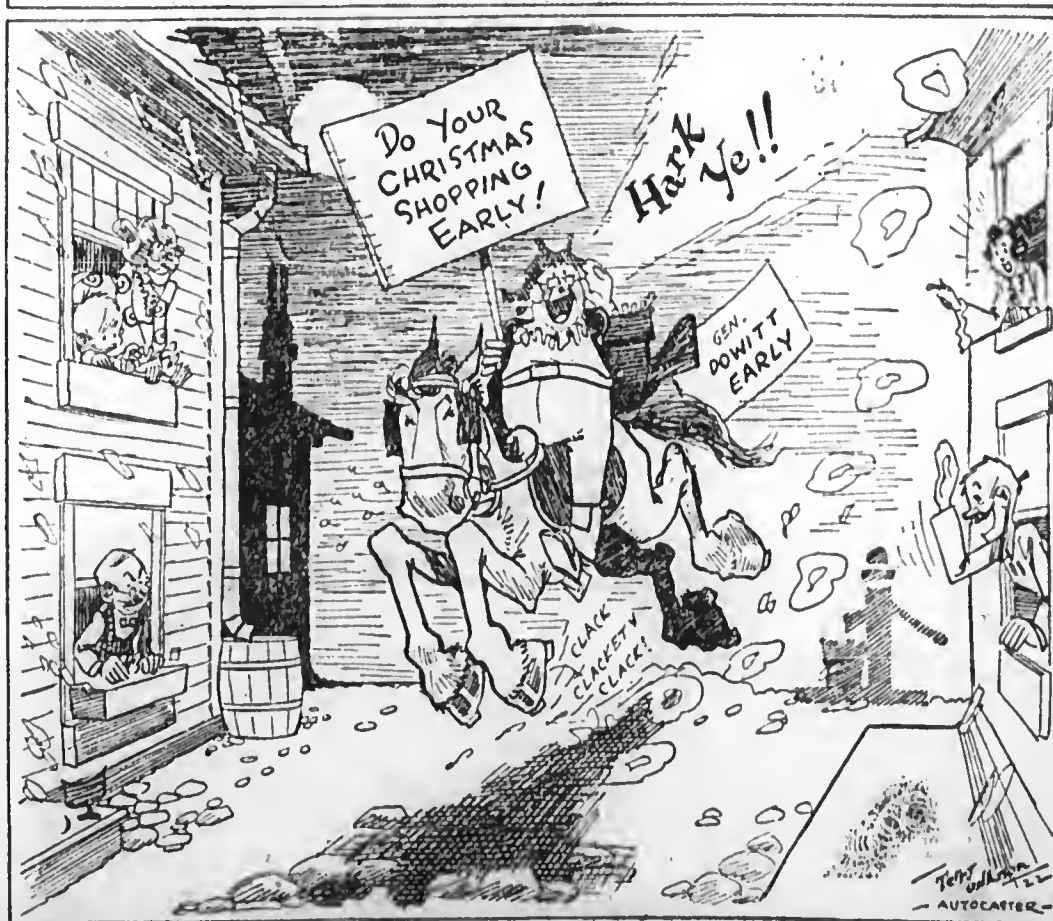

Luncheon was served at noon at the home of Mrs. John Grier. During the luncheon a tribute was made in honor of Bishop Burton was cut.

Earl W. Faulkner Dies of Pneumonia

Earl W. Faulkner, 35, of Cerado, died at a hospital following an operation for complication of disease, on Sunday night. Pneumonia, developing after the operation resulted in his death.

After his discharge from the army two years ago, Mr. Faulkner went to Cerado where he had resided since. He was an intertie deservator. Mr. Faulkner is survived by his wife, who accompanied the body to Winchester, Ky., for funeral services and burial.

JOHN N. FRENCH DEAD AT 97 YEARS

John N. French, one of the best old citizens of this county, died Thursday night of this week at the home of his son, Tohe French, at Vessie, where he had made his home for 11 years. Had he lived until Christmas day he would have been 97 years old.

He was born in Mercer county, Va., and came here just after the Civil war. He was twice married and there were three children by the first union and nine by the second. All are living except one son, C. H. The last wife died about four years ago.

The surviving sons and daughters are Mrs. Hiram Howell of Denton, Mrs. Bud Davis of Marley, James French of South Portsmouth, Mrs. Stephen Curran of Catlettsburg, Mrs. Vm. Taylor and Mrs. Joe Stewart of Ashland, Mrs. Julia Lambert of Zella, Tohe French of Vessie, Mrs. Elliott Hillips of South Point, Ohio, Mrs. Clara Compton of Inflette, Robt. French of Charleston, W. Va.

The funeral will take place Saturday and the burial will be in the Lutheran chapel near Zella. Messrs. Hewitt and Campbell will conduct the services.

Mr. French was a fine type of citizen. He was a man of the strictest integrity, industrious and always stood for the right. He had been a member of the M. E. Church South for a great many years. He had been able to get around quite well until about a month ago, when he became sick and was confined to his room.

ELLIS AND JACK

Ellis Motook and Jack Tahnouse will close out their merchandising business here and go to Detroit, where 12,000 Syrians live. They are doing this because their wives want to get amongst natives of their home country. They do not speak English and have been in America only a few months and are therefore quite lonely here. Ellis and Jack have spent several years in America and have learned English very well. They think America is the greatest of all countries. More than a year ago they returned to their old home in Syria, where there was and is much distress. They remained there a few months, helping relatives to get in position to live. Some of them had died of starvation along with the thousands whose lives ended that way. Before returning to America Jack married Ellis' daughter and the two couples came over together.

Jack lived in Louisa for quite a while previous to the World war, going from here as a soldier, and serving in the 1st division some of the hard fought battles.

FAITH HEALER.

Normal, Ky., Oct. 21, 1922. Mrs. Frica Searberry of Normal, Ky., is our faith healer, certainly makes good success. The number of patients is about three hundred. She has cured growing tumors, goiters or any other sickness. I would advise all that are sick to hunt for her house. Mrs. J. H. Preston has been healed of cancer when she had given up to die. C. D. Silvers Marries in Middlesboro, Ky.

Louisa friends of Mr. Claude D. Silvers will be interested in the following account of his wedding which took place in Middlesboro, Ky., October 26. Mr. Silvers was a Louisa boy, having been reared in the home of his relatives, Mr. and Mrs. R. W. Aikins. He left here a few years ago for Middlesboro and has been at Kitts, Ky., since returning from army service. He is now in possession of a good company there. He is a young man of sterling qualities and has many friends here all of whom wish him and his bride a long life of happiness.

Middlesboro News: The marriage of Miss Henry Etta Rash to Mr. Claude D. Silvers of Louisa was solemnized at the First Presbyterian church. The Rev. J. V. Logan of Louisville performed the ceremony, assisted by Dr. J. A. Gray. The church was decorated in ferns and cut flowers and the choir left was led by the organ. The bride, wearing a white gown, was escorted by her brother, Mr. Everett Silvers of Fork Ridge. The bride was dressed in a suit of dark blue velvet with a squirrel collar, a blue hat faced in silver, and gray gloves and shoes and she carried a bouquet of Columbia roses.

Eight girls, close friends of the bride, were choir girls, entering the church just before the ceremony to take their place in the choir, and rising when the strains of the wedding march began. These were Miss Carrie Lee Tompkins, Miss Mary Elizabeth, Miss Della Richards, Miss Jessie Buchanan, Miss Henrietta Gordon, Miss Mary Frances Davidson and Miss Kathryn Burch. The bride entered the church on the arm of her brother, Warren P. Rash and was given away by him.

She was attended by her sister, Mrs. Ellen Hays Drain as matron of honor. The bridegroom's best man was his brother, Everett Silvers of Fork Ridge. The bride was dressed in a suit of dark blue velvet with a squirrel collar, a blue hat faced in silver, and gray gloves and shoes and she carried a bouquet of Columbia roses.

The bride, one of Middlesboro's prettiest and most popular girls, is the daughter of Mrs. Alice Rash.

Mr. and Mrs. Silvers left on the noon train for Louisville and from there they will go for a honeymoon trip in the south. They will be at home at Kitts, Ky.

Miss Rash was the guest of honor at a miscellaneous shower and also at a shower and luncheon given by friends.

The Knoxville Journal and Tribune of Sunday published a picture of Mrs. Silvers with the following comment: "The prettiest girl in town" was the description used by Middlesboro admirers of Miss Henry Etta Rash, who Friday became the bride of Mr. Claude D. Silvers of Harlan, Ky. The many friends of the bride in her home city where she had lived the most of her life, regret that her marriage takes her to another place of residence.

Mr. and Mrs. W. F. Hatten and daughter, Constance, and Mr. Oliver Wheeler motored over from Huntington Sunday and spent the day with Mr. and Mrs. Ezra Hatten.

CHURCH ANNOUNCEMENTS

FIRST BAPTIST CHURCH.

"The Church of Friendship." Say, where do you attend Sunday school? Do you know that you are missing an opportunity if you do not attend somewhere. This church invites you to come and join one of our classes. We have teachers who can hold your attention.

The pastor is well pleased with the welcome you are giving him. He promises that you can not get out of, or into the church without someone shaking hands with you. Try it next Sunday and see.

A religious survey of the city will be made next Sunday afternoon. Now, do not leave home until after the visitors have called on you. They are not hunting money, but after finding out your church relation.

Do you enjoy good, live music? That is what we have, the best orchestra in Eastern Kentucky and a choir that cannot be surpassed.

The pastor is teaching the Sunday school lesson each Wednesday at the prayer service. Come and study it with us. Thirty odd present last Wednesday evening. Make it fifty this week.

We are making fine progress in our Senior H. V. P. L. Come and join this bunch of the young people. They are going to have a turkey party Friday night, November 24th.

The pastor is going to preach on one of the most vital topics of today, next Sunday night. Come out and see how you came about.

Thanksgiving Service.

The ministers of Louisa have agreed to hold a union Thanksgiving service on the 30th at the M. E. Church South. The sermon will be preached by Rev. Blaine, the Baptist pastor. Instead of holding the service in the morning as usual, it will be held in the evening, seven o'clock.

Quarterly meeting, the first of this conference year will be held at this Sunday evening in this month. Presiding Elder Slaughter will be at Fallsburg on the morning of that day.

Come to the Sunday services and to prayer meeting. You will enjoy them.

Money Raised by Churches

The Literary Digest says: "Despite the fact that the aggregate wealth of the United States is said to have increased ten times per capita during the same time, the steward of a large denomination said that the average member of his denomination 'is contributing only one cent more a week compared to forty years ago.' Yet the million dollars contributed during the last fiscal year by the various church bodies is generally regarded as cause for congratulation, and the Albany Journal remarks that 'notwithstanding many evidences of frivolity and worse that have been conspicuous in this country of late, this figure proves that religion maintains a strong hold on the people.' The reports gathered by the Federal Council of Churches of Christ in America show that the combined Methodist bodies had contributed of \$139,739,479; the Catholic Church is second with \$75,368,224; and the combined Baptists are third with \$60,798,634. The Methodists combine the Methodist Episcopal Church (North) and the Methodist Episcopal Church (South) while the Baptists have the Southern Convention and the Southern Convention. The standing of the combined Presbyterians is \$26,381,170; of the Protestant Episcopal Church, \$24,873,221; of the Lutherans, \$23,770,710; of the Congregationalists, \$21,233,412. The number of church members in the United States, it is estimated, is 46,242,130, and by the average, computes the Journal, each one gives at least \$10 a year to the support of his church and his work. Episcopalians, it notes, are the most generous of the larger communions, their average being \$31.52 a year, while members of the Presbyterian Church (South) are second with a per capita gift of \$20.54. An important point, remarks the Kansas City Star, is that the contributions are not spread out evenly among the church members.

"It has been shown many times that the raising of money in a church, as well as the main work of the organization, must be done by a comparatively small number of the members. Where large numbers of children are included in the membership this condition especially prevails in the matter of giving. It is reasonable to suppose, therefore, that in numerous instances the support of religious work of various kinds may entail a real sacrifice, if not a burden, on the part of certain church members.

"The condition might reasonably be changed, both with respect to the few contributors and the combined total, by more general giving. A survey of a number of churches in Middle West-

General Pershing Goes And Gets 'em

Gen. John J. Pershing would have been quite a boy in the front line trenches with a rifle—had he not been busy bossing our A. E. F. in France. Last week on the lower Mississippi he went duck hunting with Gov. Parker and Bernard Baruch, using a 10-gauge gun, dropping his first eight birds without a miss. Then he posed for this exclusive photo.

Is An Education Worth While?
 This theme was written by a third year English student.

I think that almost one-third of the people of today do not realize what this very important question means. The simple word of our fathers should mean everything to both old and young. Education does not only mean "to teach," but it also means to train and cultivate the mind and the body.

The school is the place where the boy and girl learn to read, write, and think. It is the place where they learn to be good citizens and to be useful members of society.

THE KITCHEN CABINET

Under this heading each week we will publish a few recipes. Send in your favorite ones. By saving these from each issue of the paper you can soon make a good recipe book.

When You Cook The Turkey.
 Whether you roast, bake, or broil your turkey cook it for three quarters of the time on a low fire. The time will vary with the size of the bird.

For a small turkey, cook for 1 1/2 hours. For a medium turkey, cook for 2 hours. For a large turkey, cook for 2 1/2 hours.

When the turkey is done, let it stand for 15 minutes before carving. This will keep the juices in the meat.

USEFUL HOUSEHOLD HINTS

Under this heading we will publish each week a few helpful suggestions which should be a benefit to you. What device has helped you save time, money, and strength in housework? We will appreciate any contributions to this column.

A New Churn.
 Did you know that a churn can be made from a wooden barrel? It is a simple and cheap way to churn butter.

To Prevent Scorching.
 When cooking on a gas stove, use a small flame. This will prevent the food from scorching.

Save Your Glassware.
 To keep your glassware from becoming cloudy, wash them in hot water with a little vinegar.

When The Cream Will Not Whip.
 If the cream will not whip, add a little salt. This will help it to whip.

To Prevent Rancidity.
 To keep butter from becoming rancid, store it in a cool, dark place.

GOOD SOAP FOR LESS THAN TWO CENTS A POUND

Make It At Home By This Easy Process—Takes Less Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using Kitchen Mergal or Lysol. These two ingredients, when mixed together with a can of Merry War Lye, the safe and sure soapmaker, in the old days when soap was made by the boiling process it took nearly all day to make a little of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Save you money and gives you all the pure, clean soap you need for kitchen, laundry and all household purposes.

You will find simple directions for soapmaking on the label of every can of Merry War Lye—also many other recipes such as how to make lye huming, how to soften water, how to make clothes washing easy, how to brighten cooking utensils, etc.

Merry War Powdered Lye is also a wonderful cleanser and purifier for use about the home, barn, chicken house, outhouses, etc. Comes in a convenient can with revolving sifting top that can not clog, cannot get lost, recloses tightly and preserves contents. It is economical to lay and easy to use.

Ask your dealer for Merry War Lye—be sure you get "Merry War"—the lye that has made good for 32 years.

Notice of Sale of Electric Light Franchise

Pursuant to order of the city council of the city of Louisville, the undersigned, Jno. G. Burns, Special Commissioner, will, on Saturday, November 25, 1922, at the front door of the court house in Louisville, Kentucky, offer for sale at public outcry to the highest and best bidder, an electric light franchise as hereinafter appears. The sale will be subject to confirmation by the council upon being reported back to the council, and if not confirmed, the purchaser's money will be refunded. The council reserves the right to reject any and all bids. The franchise to be offered is as follows:

FRANCHISE.

Section One.

In consideration of the sum of.....dollars, well and truly paid into it, and of the covenants and agreements herein contained, the City of Louisville hereby creates and grants unto.....successors and assigns, for and during the period of twenty years from this date, the right and privilege of erecting and maintaining all apparatus and equipment in, under, along, through, over and across the streets, avenues, alleys and public ways of the said city, for the transmission of electricity, together with the right to vend same for public and private use therein, and this right shall extend and apply to all public ways now open and to such as may hereafter be opened, and to any and all new streets or public ways which may be added to or become a part of the said city; and the owner of this franchise shall have full power and authority (except as herein limited) to use the public ways of the city whether such use be for the construction or maintenance of the said equipment, poles, wires and other apparatus in or under, over or along the said public ways.

Section Two.

The owner of this franchise may from time to time, purchase, lease or otherwise acquire or operate any property of a character similar to that which he is hereby authorized to employ, whether belonging to corporations or individuals, now engaged in the business of selling electricity.

Section Three.

The owner of this franchise shall have the right to exercise the rights hereby granted, to take up sidewalks and curbs when necessary, but shall replace the same in as good condition as before, within a reasonable time and under the supervision of the city engineer, and shall be liable for any damage arising therefrom.

Section Four.

Such poles, wires and other apparatus as may be erected and maintained by the owner of this franchise shall not interfere with or interrupt the free use of the public streets, avenues, alleys and public ways wherein placed; and in the erection and maintenance thereof, there shall be no cutting or mutilation of shade trees without the consent of the property owner; and all poles, conduits and other structures, equipment and apparatus shall be erected, built and installed under the direction of the council or its proper committee, so far as possible, and all of the said work of installation and maintenance shall be performed in such manner as to cause the least practicable inconvenience to the city and its inhabitants and with reasonable dispatch.

Section Five.

The city shall have the right to use two poles on each pole and four duct ways for the purpose of placing thereon or therein any fire or police alarm, telephone or telegraph wires, which may be necessary for the fire and police department of the said city; such wires to be placed so as not to interfere with the successful operation of light and power wires.

Section Six.

When deemed necessary to the public welfare, the location of poles, wires, posts or other apparatus of the owner of this franchise may be changed by resolution of the city council, the expense thereof to be borne by the owner of this franchise.

Section Seven.

All equipment used and employed by the owner of this franchise and the method of the installation thereof shall be of the most approved design from the standpoint of security to life and property. The insulation of the wiring used shall be kept and maintained in good condition at all times; and all wires and apparatus shall be so placed as not to expose the public or property to injury.

Section Eight.

In consideration of the exercise of the rights and privileges hereby granted, the owner of the franchise shall furnish to the inhabitants of the city, electric light and power at prices which shall in no event exceed the following rates:

Lighting and Household Uses.

Where the monthly consumption of current is not more than ten kilowatts, thirteen cents per kilowatt; more than ten and not more than twenty kilowatts, twelve cents per kilowatt; more than twenty and not more than thirty kilowatts, ten cents per kilowatt; more than thirty and not more than forty kilowatts, nine cents per kilowatt; and for all consumption over forty kilowatts are used monthly, eight cents per kilowatt. Minimum charge one dollar per month. Bills to be paid monthly and at 2c per k. w. over above rates unless paid by the 10th of the month following that in which used.

Power Uses.

For the first one thousand kilowatts, seven and a half cents per kilowatt; for the next two thousand, six cents; and for all in excess of three thousand, five cents per kilowatt. Minimum charge five dollars per month. Bills payable monthly and at 2c per k. w. over above rates unless paid by the 10th of the month following that in which used.

The owner of this franchise may make and enforce reasonable rules and regulations designed to protect itself against loss of revenue arising from furnishing current to irresponsible customers.

Meters.

The owner of the franchise shall furnish the meters used; and should any consumer of electricity believe that his meter is not registering correctly, he shall complain thereof, said meter shall be tested by a disinterested party to be designated by the city council; and if said meter is found to be correct, the expense of test shall be borne by the consumer; if found incorrect, the expense of test shall be borne by the owner of this franchise, and the consumer shall receive such rebate as may be found to be due to him by reason of such erroneous registering of said meter. The owner of this franchise shall convey current to the consumer's property line without charge for such installation.

Future Price Reductions.

At the end of the twelfth month after the owner of the franchise shall have begun the business of vending electricity hereunder, the total current consumption for the twelfth month of operation shall be ascertained, and thereafter the amount of current sold shall have increased ten per cent, the rates hereinafter mentioned for lighting and household uses shall be decreased one half cent per kilowatt, and continuing, there shall be a further decrease of half a cent per kilowatt for each ten per cent of increase of current consumption over basis until current consumption shall have increased fifty per cent over the twelfth month of operation, after which there shall be no further decrease of maximum rates. Such increase of current consumption shall be based on an average of three months periods, but the decrease in price shall not become effective until the increased current consumption shall have been demonstrated by the averaging of current consumption for three consecutive months. To the end that this provision of the franchise may be made effective, the owner of the franchise shall whenever called upon by the city council furnish information concerning the amount of monthly current consumption, the city reserving the right to verify such reports. If after three months a decrease in price under the provisions of this section, the monthly current consumption shall decrease, the rate shall be restored under the sliding scale here adopted.

Section Nine.

It is further agreed by and between the city of Louisville and the owner of this franchise, in consideration of the mutual benefits to be derived herefrom, that the city of Louisville shall have the right to take up and remove any and all poles, wires and other apparatus installed and maintained by the owner of this franchise, and to replace the same in as good condition as before, within a reasonable time and under the supervision of the city engineer, and shall be liable for any damage arising therefrom.

Section Ten.

The city undertakes and agrees to take at least fifty street lights at the rates herein specified; and shall have the right, at said rates, to take as many more as it shall deem desirable.

Section Eleven.

Should the owner of this franchise fail to begin the work of installation of plant within three months after the date of the granting hereof, or fail to have same in full operation within six months from said date, or fail to perform its duties hereunder, then in either event this franchise shall be forfeited and become wholly void.

Section Twelve.

Should the owner of this franchise fail to begin the work of installation of plant within three months after the date of the granting hereof, or fail to have same in full operation within six months from said date, or fail to perform its duties hereunder, then in either event this franchise shall be forfeited and become wholly void.

Section Thirteen.

Should the owner of this franchise fail to begin the work of installation of plant within three months after the date of the granting hereof, or fail to have same in full operation within six months from said date, or fail to perform its duties hereunder, then in either event this franchise shall be forfeited and become wholly void.

Section Fourteen.

Should the owner of this franchise fail to begin the work of installation of plant within three months after the date of the granting hereof, or fail to have same in full operation within six months from said date, or fail to perform its duties hereunder, then in either event this franchise shall be forfeited and become wholly void.

PIKE COUNTY MAN DIES IN ELECTRIC CHAIR AT PRISON

Dave Brown, of Tug River, Pays Extreme Penalty for Double Murder.

Louisville, Ky., Nov. 16. After a night of prayer and the singing of hymns in which the five other occupants of the death row joined, Dave Brown of Pike county walked unflinchingly to the electric chair in the Midway penitentiary early this morning to pay with his life the penalty for the brutal murders of James Brumfield and Brumfield's four year old daughter.

Brown was executed at 4:15 o'clock one application of the current was sufficient to cause his death. The body was sent to his relatives at Fort Smith, Ark.

Brown died with a prayer on his lips. Just before he stepped into the chair he said a prayer to God and then he was taken to the chair.

This is the first execution in the penitentiary since the death of James Brumfield and Brumfield's four year old daughter.

NOW Is the TIME to Repair Your Buildings

Buildings that are not given proper attention and necessary repairs made, depreciate much more rapidly than when kept in good repair. Repairs cannot be made successfully in bad weather and should be made during the summer months. Roofs should be painted, decayed boards replaced and buildings given a general overhauling before winter.

Why not construct that new concrete walk or cellar that you have been wanting, now. Paint the old house, it deserves it.

We carry a complete line of Lumber, Paints, Finishing Materials, Cement, Plaster, Lath, Roofing, Builders Hardware and all other materials necessary to repair buildings of all kinds.

Headquarters for HANNA'S GREEN SEAL PAINTS. MAKE THOSE NEEDED REPAIRS NOW!!! WINTER IS COMING!!! DON'T FORGET THE PLACE
